SERRAMENTI dal 1975

PROGETTAZIONE - PRODUZIONE - INSTALLAZIONE
ALLUMINIO - PVC - ALLUMINIO/LEGNO

www.brunello serramenti.it

In questa cartella colori, abbiamo riunito tutte le finiture applicabili sui profili e sulle lamiera in alluminio, in grado di riprodurre particolari **effetti legno**.

Tutte le finiture di seguito rappresentate sono utilizzabili in ambienti esterni, grazie alla loro elevata resistenza ai raggi UV.

A seguito di una attenta selezione delle migliori materie prime e delle migliori aziende di verniciatura, siamo in grado di offrire ad architetti e designer, accattivanti soluzioni estetiche per tutto ciò che è in alluminio, soprattutto per serramenti e rivestimenti di facciata o interni.

Tutti i tipi di finitura vengono eseguiti secondo i trattamenti previsti dalle più severe normative europee consentendo perciò al cliente di acquistare un prodotto le cui caratteristiche rimangono inalterate per moltissimi anni.

Le finiture di seguito riportate devono essere considerate come indicative in quanto possono variare per ragioni tecniche e di tolleranza.

Per alcune finiture sono previste delle quantità minime di materiale.

È vietata la riproduzione, anche parziale, dei contenuti della presente cartella, senza il consenso scritto di Brunello Innovations Technology s.a.s.

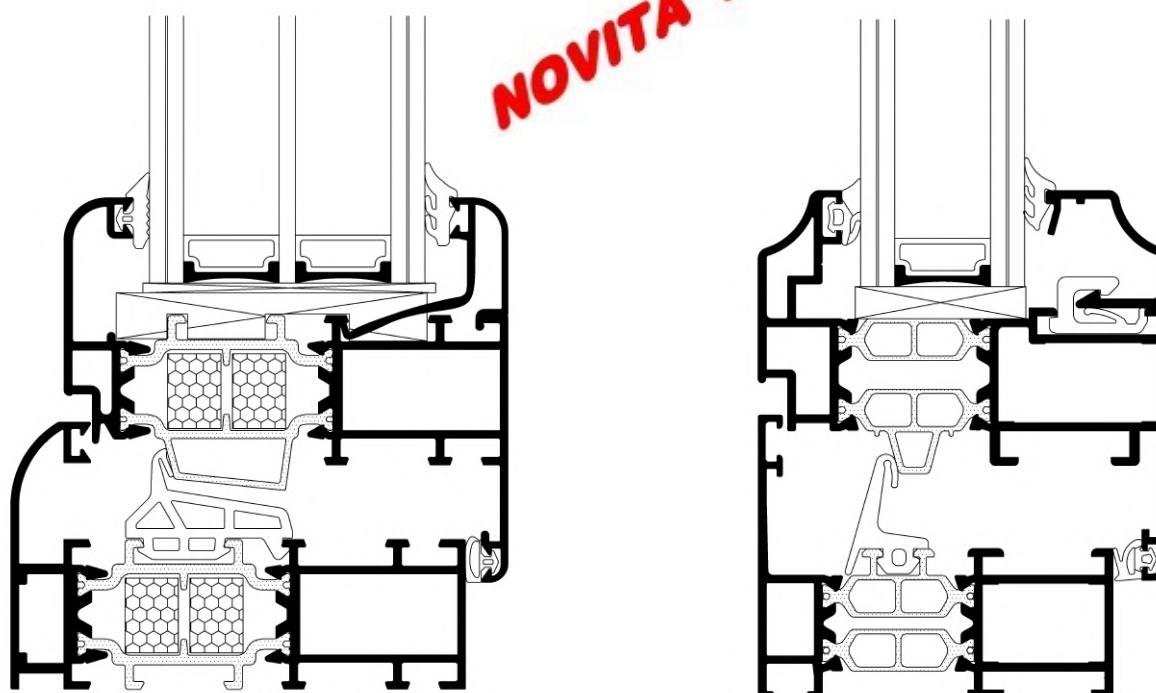

Le finiture di seguito riassunte sono ottenute tramite diversi procedimenti/trattamenti:

- Verniciatura con decorazione “polvere su polvere”
- Verniciatura con decorazione tramite “sublimazione” (disponibili diverse categorie)

Nel caso di richiesta preventivi o per ordini, citare **il numero** e **il nome** riportato sotto all'immagine della finitura desiderata.

Sono inoltre disponibili linee di profili per serramenti in alluminio a taglio termico, che richiamano i tradizionali infissi in legno.

Si può anche realizzare il rivestimento dell'edificio con la stessa finiture dei serramenti.

PRINCIPALI APPLICAZIONI (come per le finiture ad effetto metallo e marmo):

- Serramenti in alluminio (finestre, porte, portoni, scuri, persiane ecc.)

- Rivestimenti ed arredamenti interni, boiserie

- Arredo urbano (panchine, parapetti, ringhiere)

- Rivestimenti esterni e di facciata, tetti e grondaie
